PASTEL PORTRAITUDE

Enjoy and explore the art of portrait drawing in pastel media. All levels of artists are encouraged to participate. Participants will learn the basics of creating pastel portraits and develop their existing portraiture skills. Layering, color mixing, and color theory relative to portraiture will be taught using live model as a subject, from direct observation.

July 25-29  Cost: $300
M-F: 8-12 pm (4 hours per day)
Berg 301 (location subject to change pending size of class)

STILL LIFE PAINTING IN OILS

Students will learn the art of still life painting in oils. Through a series of exercises and assignments, the basic issues of still life painting will be taught and explored: color, form, light, movement, material process, and most especially, the creation of coherent pictorial space and the articulation of a pictorial form. Painting from direct observation is the traditional basis for training the artist’s eye and hand. Additionally, students will learn the basics of still life as a composition, color theory and the techniques of oil painting media.

July 25-29  Cost: $300
M-F: 1-5 pm (4 hours per day)
