DON'T MISS OUT!

Use your summer to build a foundation of knowledge that will open new career paths for you.

Trinidad State is offering a variety of courses that will prepare you to test for CompTIA industry certifications making you more valuable for many positions in today's job market. Courses are offered online. (there may be some live classroom time for certain hands-on skills development)

CNG 1020 H00 A+ Certification Prep
(learn to tear down & rebuild computers)

CNG 1032 H00 Network Fundamentals:
Security+ (test prep)

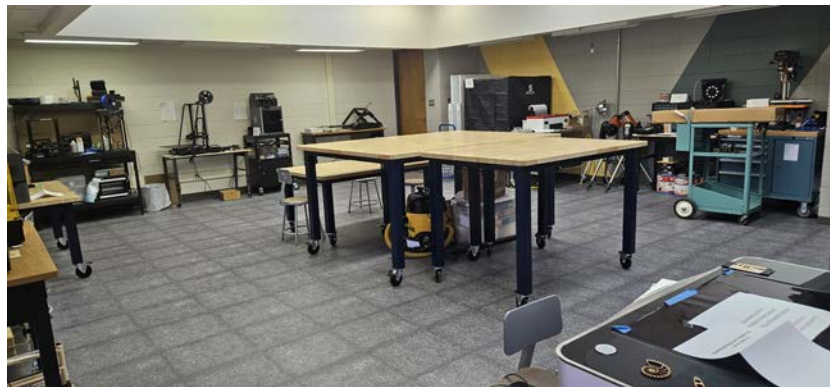

CNG 1024 H00 Networking 1: Network+
(test prep)

Course specific questions? Contact the instructor -
bobby.williams@trinidadstate.edu

Want to Register? Contact an advisor in Trinidad at 719-846-5026 or Alamosa 719-589-7296.

The Makerspace at Trinidad State

WHAT IS A MAKERSPACE?

Click line above to open webpage

A Makerspace is a collision of art, technology, learning, and collaboration.

Do you have knowledge, ideas or passions that you would like to share with others? Have a great idea for a class you'd like to teach? Consider teaching a community education class!

Classes/workshops can run anywhere from a few hours to an entire semester – or share your information through a short presentation. Contact donna.haddow@trinidadstate.edu

(courses do not have to be related to the makerspace)

For more information or to register, contact: Donna Haddow-Continuing Education Coordinator
